

## TEST 1, WRITING TASK 2

### SAMPLE ANSWER

This is an answer written by a candidate who achieved a Band 4 score. Here is the examiner's comment:

This answer describes some relevant advantages and disadvantages of books, TV and films, although these are sometimes unclear or not sufficiently developed. The script loses marks, however, because it doesn't answer the question about 'which medium is most effective' and also because it is under the minimum length (only 230 words).

The writer has tried to organise ideas and uses paragraphing to structure the response. However, the message is confused at times and the answer is incomplete. Some ideas are linked appropriately, but there is a lot of repetition across sentences.

The writer uses a limited range of language quite repetitively and there are only simple sentences. However, these are often quite accurate, although there are many examples of basic errors in grammar and punctuation.

In our daily life, we always communicate information through the media, such as television, radio, film. These media have different advantages and disadvantages for us. Now, I am going to compare the advantages and disadvantages of books, television and film.

Books bring us different knowledge. It bases on what Book we read. A famous Chinese traditional verse which described books is a treasure. We can find a golden house in there. Moreover, when we want to read it, we can find it easily, such as bookstore, library. We can also learn a lot of words from books. And it can improve our reading and writing skills.

However, books always are not attractive for children or youngster. It is because books are quite boring. A lot of words and less pictures inside the books, compare to television, television has pictures and sound, we don't have to read a lot of words in television. But some artist in television programme or film, bring a bad image to us. Then some children or youngsters will imitate their behaviour. Some film also bring a wrong message to us, for example, they are always smoking in films. It seems that smoking is good and smart. It caused many youngsters imitate them smoking.

In conclusion, books, television and film have many advantages and disadvantages. I cannot write all in here. And we have choose the media carefully.
