

## TEST B WRITING TASK 2 (GENERAL TRAINING)

### SAMPLE ANSWER

This is an answer written by a candidate who achieved a Band 6 score. Here is the examiner's comment:

This response is underlength and is marked down because of this. Only a few relevant ideas are presented and these are used rather repetitively and are insufficiently developed or supported. However, the writing communicates fluently and a satisfactory range of structures and vocabulary are used.

I am not surprise when I read in the newspapers that many people move to English speaking countries. I am an engineer in a process control since ten years and I understand the necessity of English language. For example, when I read technical English specifications, when I meet Japanese industrials to build together some electronic materials or when I go on holidays in Italy where the best way (for me) to communicate is to speak English. Therefore, today, it's necessary to learn English and the best way is to study in English as soon as possible when we are at school but also when we have a job. It's so important to communicate with foreigners, because of work. For example: to sell foods in USA, to build electronic cards with the Japanese, to obtain a certification with FDA (American organization) in order to sell some pharmaceutical products. In fact, it's important for everybody: the workers, the visitors, the scientists, etc...

These are the main reason which explain why so many people go to English speaking countries (the best way to learn) and why English is such an important international language (the communication between many the people over the world).
